

# Where Do We Get Our Curriculum?

In Knoxville, we have annual events where you can get helpful advice on choosing curriculum. The [Used Curriculum Sale](#) is held on a Saturday near the first of June. The Educational Resource Fair is normally scheduled on the second or third weekend in June (check the Events page on [smhea.org](http://smhea.org) for specific dates). It features curriculum, educational resources, and helpful home education seminars. SMHEA members receive discounts at some of the local merchants below. To obtain discount information go to [http://smhea.org/member\\_discounts.html](http://smhea.org/member_discounts.html). Go to [http://smhea.org/join\\_smhea.html](http://smhea.org/join_smhea.html) to join SMHEA.

It should be noted that each individual curriculum is designed to incorporate a specific educational philosophy or approach. Cathy Duffy, in her book *100 Top Picks For Homeschool Curriculum* by B&H Publishers, does an excellent job of helping you sort out which curriculum and approach might be right for you. Listed below are just a few of the many other sources for curriculum.

Cedar Springs Christian
